Jeg hedder Mathias & jeg er
legeaktivist (hvad end det betyder?)

*Der er meget få ting, jeg ikke vil gøre, for at få
legen til at trives i samfundet.*

det næste?

Tese: leg er ren livsglæde, legende mennesker lever bedre liv i en kompleks, uforudsigelig verden, og samfund hvor leg trives er også samfund hvor mennesker trives.

Legen minder os netop om, at noget kan have værdi i sig selv. Det har vi tilsyneladende næsten glemt i vores stræben efter effektivitet og return-on-investment.

A woman in a grey sweater is the central focus, with a red brain model on top of her head and a yellow sticky note on her forehead. She is surrounded by other people in a workshop-like setting. A woman in a maroon sweater is on the left, smiling. A woman in a black shirt is behind her, adjusting the brain model. A yellow banner with the word 'ÅBENHED' is overlaid on the bottom half of the image.
